A ¹_____ hiker named Rene Compean was found safe on Tuesday by a rescue team in Angeles National Forest. It turns out that a photo ²_____ in saving his life. Let's go over to Marissa Reynolds for more details on this story. Thank you, Thomas. I'm standing here at the ³_____ of Angeles National Forest. As you just heard, Rene Compean was recently rescued from this forest. Compean, an experienced hiker who knew the area well, went on a hike alone on April 12. However, a recent forest fire had destroyed some ⁴_____, which caused him to take a wrong turn and get lost. He tried ⁵_____ and even wrote SOS on the ground in case a plane or helicopter passed by. He had planned to hike for only about two hours, but night was coming. It started getting very windy and the temperature was _____ quickly.

2 · 어법 고르기 둘 중 맞는 것 6곳 25점 (각 4.2점)

A missing hiker ¹**[named / naming]** Rene Compean was found safe on Tuesday by a rescue team in Angeles National Forest. It turns out that a photo played a key role in saving his life. Let's go over to Marissa Reynolds for more details on this story. Thank you, Thomas. I'm standing here at the entrance of Angeles National Forest. As you just heard, Rene Compean was recently ²**[rescuing / rescued]** from this forest. Compean, an experienced hiker who knew the area well, went ³**[on / in]** a hike alone on April 12. However, a recent forest fire had destroyed some signs, ⁴**[that / which]** caused him to take a wrong turn and get lost. He tried shouting for help and even wrote SOS on the ground ⁵**[in case / in case of]** a plane or helicopter passed by. He ⁶**[has planned / had planned]** to hike for only about two hours, but night was coming. It started getting very windy and the temperature was dropping quickly.

1 A missing hiker named Rene Compean was found safe on Tuesday by a rescue team in Angeles National Forest.

.....

2 It turns out that a photo played a key role in saving his life.

.....

3 Let's go over to Marissa Reynolds for more details on this story.

.....

4 Thank you, Thomas.

.....

5 I'm standing here at the entrance of Angeles National Forest.

.....

6 As you just heard, Rene Compean was recently rescued from this forest.

.....

7 Compean, an experienced hiker who knew the area well, went on a hike alone on April 12.

.....

8 However, a recent forest fire had destroyed some signs, which caused him to take a wrong turn and get lost.

.....

9 He tried shouting for help and even wrote SOS on the ground in case a plane or helicopter passed by.

.....

10 He had planned to hike for only about two hours, but night was coming.

.....

11 It started getting very windy and the temperature was dropping quickly.

.....

sign

1 a recent forest fire had destroyed some **signs**.

.....

2 The sudden drop in temperature was an early **sign** of the coming storm.

.....

3 You must **sign** this agreement before we continue.

.....

drop

1 and the temperature was dropping quickly.

.....

2 She accidentally **dropped** her phone while getting out of the car.

.....

3 A single **drop** of rain landed on my notebook.

.....

name

1 A missing hiker **named** Rene Compean

.....

2 Her **name** was called loudly, but she didn't respond.

She thought laws had to be changed so that medical examiners had ¹ _____ power. Public support was needed to change laws, so she used the World's Fair held from 1939 to 1940 to educate the public about the modern medical examiner system. She also visited the governor with the chairman of the Department of Legal Medicine at Harvard. They talked about the importance of legal medicine. Thanks to Lee's efforts, the Legal Medicine department at Harvard began to train future medical examiners in 1940. However, detectives were not careful with ² _____ evidence. By touching and stepping on things, they often destroyed clues without realizing it. Due to this fact, analyzing the clues later was impossible. Lee thought detectives also had to learn how to ³ _____ crime scenes from a medical point of view. In order to educate detectives effectively, Lee ⁴ _____ a creative tool. Her idea came from her hobby: creating ⁵ _____ miniatures. She started creating miniatures of crime scenes that were highly detailed and ⁶ _____. Based on real criminal cases, they included details like blood stains. Lee did not _____ even the smallest detail, such as a small lamp or a label on a jar. She wanted to train detectives to notice tiny clues. She created around twenty miniature scenes during the 1940s and 1950s.

She thought laws had to be changed so that medical examiners had independent power. Public support was needed to change laws, so she used the World's Fair ¹**[held / holding]** from 1939 to 1940 to educate the public about the modern medical examiner system. She also visited the governor with the chairman of the Department of Legal Medicine at Harvard. They talked about the importance of legal medicine. Thanks to Lee's efforts, the Legal Medicine department at Harvard began to train future medical examiners in 1940. However, detectives were not careful with potential evidence. By touching and stepping on things, they often destroyed clues without realizing it. Due to this fact, analyzing the clues later ²**[was / were]** impossible. Lee thought detectives also had to learn how to observe crime scenes from a medical point of view. In order to educate detectives ³**[effectively / effective]**, Lee came up with a creative tool. Her idea came from her hobby: creating miniatures. She started creating miniatures of crime scenes ⁴**[what / that]** were highly detailed and accurate. ⁵**[Basing / Based]** on real criminal cases, they included details like blood stains. Lee did not miss even the smallest detail, such as a small lamp or a label on a jar. She wanted to train detectives ⁶**[to notice / notice]** tiny clues. She created around twenty miniature scenes during the 1940s and 1950s.
